Final Demo Notes

- Very Pretty. Love the design aesthetic.
- Liked the dynamic home page with careers and events posting.
- Liked how our events were filtered into upcoming and past events.
- Liked how our website was Mobile, Tablet, and Desktop Compatible.
- Overall, not much bad to say. They seemed to like it. Maybe some functionality missing such as search bar and news/blog section.

Overall, there weren't many notes to take here. Our demo went well and they didn't have much criticism or feedback.
